

## QuikDraw™ RAP

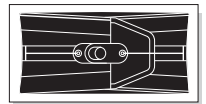

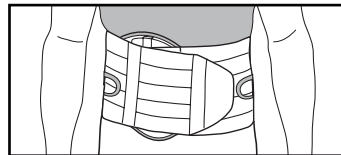

= Quikdraw with Rigid Anterior Panel

Compression ~ Support ~ Comfort

When someone suffers an episode of acute low back pain, they want relief right away. The **QuikDraw™ RAP** quickly restores functional mobility by providing powerful compression for immediate pain relief. The performance characteristics of the brace result in better patient compliance. When coupled with a specific physical therapy regimen, the **QuikDraw™ RAP** can lead to quick and lasting pain relief for better patient outcomes.
